October 1st, 1917

Professor W. S. Milner,

University College.

Dear Professor Milner:

I am sorry that you have been worried over the matter of there being no published class lists. The policy of discontinuing their publication was determined upon fully four years ago after complete discussion both in committee and in the Council of the Faculty of Arts. There was some division of opinion as I remember the matter, but there can be no doubt that the action is in accordance with the decree of the Council.

At the same time it was decided to have a list of the results posted in the buildings as well as having the results announced to each candidate. These results are published every spring in the newspapers with the standing of the candidates. This year, however, Mr. Prebner informs me the list was not posted because during the summer from one cause or another the office was very shorthanded.

No radical change, as far as I am aware, has been introduced or has been brought forward as regards the standing of candidates in the various honour departments.

With kind regards, I am,

Yours sincerely,

President.
